July 23-24	MW Challenge Championships	Grand Rapids, MI	MW
July 23-24	West Challenge Championships	Kernville, CA	W

The Sunday race (July 24th) after the Regional Championships will be a bonus National in each region. The race will be run like a normal National with no virtual teamsheets and will count towards the rider's National qualifying races.

EXPLANATION OF NATIONAL CATEGORIES

At the root of the new categories is the idea of a "virtual teamsheet". Every rider at the race will be randomly placed on a team. This team will be separate from normal teams. Each rider will still be scored normally for National points. The virtual team will give every rider in attendance a chance at an additional award of the day.

Category 1: Mixed Doubles - The virtual teamsheet will pair every boy racer with a girl to form "fantasy mixed doubles" teams of a varying number (probably 7 or 8) depending on the ratio at that race. The winning virtual team will receive a prize of \$2000 or almost \$300 per rider.

Category 2: Team Spectacular - No virtual teamsheets at these races, but top teams will share a bulked-up purse.

Category 3: ProAm - The virtual teamsheet will pair every Am regardless of proficiency with a Pro rider. The winning virtual team will split a prize valued at \$2000.

Category 4: Super ProAm - These are one-day events held on Sunday after the NationsTour Pro races. They will feature a Pro Open with an increased purse and will be worth double National points. The virtual teamsheet will work the same as at ProAm races but with a \$4000 prize.

The Thanksgiving Classic & ECDV Regional will fall under the New NBL. If you convert your membership at or before those races, you get that race free along with the President's Cup and the Christmas Classic – a \$300 value, FREE!
